

COVINGTON

Curriculum Conference

Strengthen Your Understanding and Practice of Gender-Responsive and Trauma-Informed Interventions

Presented by  Hazelden Betty Ford Foundation

Acclaimed author, psychologist and thought leader
Stephanie S. Covington, PhD

Train in Person with Today's Leading Experts

Whether you work in an addiction treatment program, mental health center, correctional setting, school or community-based human services, Dr. Stephanie S. Covington's evidence-based curricula provide you with gender-responsive, trauma-informed frameworks for therapeutic interventions. Learn why this approach is so transformative in empowering recovery and well-being for women, men, girls, boys and gender-expansive people, and how to implement the principles and practices in your work with individuals and groups.

Gain Insight and Build Skills

Gather with clinicians and colleagues from across the country and around the world to learn directly from Dr. Covington and an esteemed panel of certified trainers.

Your two and a half day training conference experience will include a foundational presentation on gender-responsive, trauma-informed interventions by Dr. Covington and your choice of one of the following in-depth, core curricula learning tracks:

- *Beyond Violence/Beyond Anger and Violence*
- *Beyond Trauma*
- *Helping Men Recover*
- *Helping Women Recover*
- *Voices: A Program of Self-Discovery and Empowerment for Girls*
- *A Young Man's Guide to Self-Mastery*

You will also have the opportunity to choose one of the following special-focus learning tracks:

- *Exploring Trauma+: A Brief Intervention for Men and Gender-Diverse People*
- *Healing Trauma+: A Brief Intervention for Women and Gender-Diverse People*
- *The Trauma-Informed Effective Reinforcement System*

Optional evening presentations by Dr. Covington are offered complimentary as a part of your registration:

- *Hidden Healers: Women in the Criminal Justice System*
- *A Woman's Way through the Twelve Steps* (Open to the recovery community)
